

## **ESIL-sponsored events**

Members can apply for ESIL sponsorship of local events in the study and dissemination of international law, such as conferences, lectures and discussions. This means that the ESIL name can be used in the announcement of the event. No financial sponsorship is possible. The organizers must apply to the ESIL Board ([esil.secretariat@eui.eu](mailto:esil.secretariat@eui.eu)) for sponsorship in good time before the event.

The Board will take into account the academic quality of the programme, geographical distribution of the locations, and the participation from various countries. At least one ESIL member should be involved in the programme.

The organisers will be asked to use the ESIL logo in the programme and to distribute ESIL brochures during the event.
