The Coordinating Committee of the ESIL-SEDI Interest Group on International Biolaw has the pleasure to inform you about the Pre-conference Interest Group Session “**INTERNATIONAL BIOLAW: NEW PERSPECTIVES**” that will take place in Athens on 12 September 2019, from 9:00-11:00. Different topics such as genetic engineering, surrogacy and assisted reproductive technologies, among other issues, will be debated. This international workshop will take into account the role played by International Organizations (universal and/or regional) and International Courts, and their interaction with municipal law, developing Biolaw rules. This event will try to contribute to build bridges between some ESIL-SEDI Interest Groups dealing with common fields of interest.
