The Interest Group ‘The EU as a Global Actor’ (EUGLOBAL) is one of the interest groups of the [European Society of International Law \(ESIL\)](#). The IG EUGLOBAL seeks to engage with ESIL members with an interest in issues such as the interrelationship between European and international law, and the role and responsibilities of regional actors in the international (legal) order. By doing so, the group hopes to build a shared knowledge base among ESIL members interested in the role of the EU as a global normative actor.
