ESIL BOARD ELECTIONS 2026
ÉLECTIONS DU COMITÉ DE LA SEDI 2026

STATEMENT

My commitment to ESIL began nearly ten years ago, when I had the privilege of joining the Coordinating Committee of the Interest Group on International Courts and Tribunals, and later, when I was elected to the Board. I am particularly committed to ensuring that the Society remains inclusive and responsive to its diverse membership across career stages and regions. For the past four years, I have been the Diversity Advisory Board (DAB)'s coordinator at the Board. I worked closely with our DAB to adopt much needed guidelines for our Society, such as the [code of conduct against discrimination and harassment](#) and the [guidelines for the diversity of conference and panel speakers](#). I am proud of the work we have done, but there is still much to do. My pledge is to continue deepening these initiatives. Among the various measures I want to prioritize is the creation of an enforcement mechanism for our code of conduct. I believe this will be crucial step forward for ESIL in its fight against discrimination and harassment. Another priority is to build stronger connections with partner societies. French being one of ESIL's official languages is a unique asset that we can better leverage to engage with sister organisations, particularly in the Francophone world. This creates valuable opportunities to deepen collaboration with institutions such as the African Society of International Law, fostering richer exchanges and a more globally connected community. ESIL thrives because of its diverse and vibrant community. I am committed to ensuring that the Society remains inclusive, responsive, and forward-looking.
