

European Society of International Law  
Interest Group on *International Law and Technology*

**Annual Report 2025-2026**

For the year 2025-2026, the Organising Committee of the ESIL Interest Group on International Law and Technology consisted of Stefania Di Stefano, Rebecca Mignot-Mahdavi, Barrie Sander, Dimitri Van Den Meerssche, and Roxana Vatanparast until February 2026. Elections were held in March 2026. The new and current members the ESIL Interest Group Organising Committee are Stefania Di Stefano, Daniel Joyce, Christos Tsevas, Eklavya Vasudev, and Kebene Wodajo.

Due to the scheduling conflict between the elections and the timeline for organising IG workshops as part of the ESIL Annual Conference in Málaga, the IG was unable to organise a workshop.

- The Interest Group organized a journal symposium based on its pre-conference workshop held in 2024 on the theme *When Renewal Repeats? International Lawmaking in a Digital Era*, which was published in 2026 with *Computer Law and Security Review*. The Special Issue is available [here](#).

- The Interest Group has also organised a blog symposium based on its pre-conference workshop held in 2025 on the theme *Forensic and Counter-Forensic Approaches to Reconstructing International Law—A Cartography and Anatomy of Genocide*, published in 2025 with *Opinio Juris*. The Introduction to the symposium is available [here](#).

Our interest group aims to multiply spaces for studying the role of technology in various domains of global governance, including public and private international law. We encourage our members to reach out with any ideas and initiatives they may have for the interest group moving forward.
